

WEST MIDLANDS FIRE AND CIVIL DEFENCE AUTHORITY

REPORT TO THE EXECUTIVE COMMITTEE

4TH APRIL 2005

MOBILE DATA SOFTWARE UPGRADE

This report relates to a proposal to procure software to provide enhanced Mobile Data (MDT) facilities on all operational fire engines, utilising the Office of Government Commerce (OGC) G-Cat procurement route.

The report contains information which cannot be made publicly available under Access to Information legislation. Consequently the information cannot be released.

The Authority would like to apologise to you for any inconvenience that the unavailability of this information may cause you.
