**Annual Report of the Scrutiny
Committee
2021/22**

1. Background

In line with expectations set out in the Fire and Rescue National Framework the Authority has established a Scrutiny Committee to support it in achieving its strategic objectives. The committee ensures that its policy and budgetary framework is followed and developed to reflect the changing needs and demands in meeting its statutory obligations.

Effective scrutiny frameworks will be in place for both the scrutiny of strategic policy, as well as performance. Aligned to the role of the Fire Authority and Chief Fire Officer (CFO) as set out within the Constitution of the Authority, the scrutiny function should scrutinise decisions made or to be made, on the basis of 'public safety' aligned to the following definitions:

Pre scrutiny enables changes proposed to strategic policy decisions to be scrutinised. These are decisions which if implemented, would change the strategic priorities and outcomes agreed by the Fire Authority (for example, matters contained in Authority 'forward plan' for approval). Pre scrutiny can:

- i) Inform policy development and/or
- ii) Hold the Authority to account

Post scrutiny enables the Fire Authority to seek assurance around operational decisions already made by the CFO and other officers in the delivery of strategic priorities and outcomes (for example: training, partnership working). Post scrutiny can:

- i) Scrutinise performance of specific issues and/or
- ii) Hold officers to account

The key benefits of the Committee can be seen as:

- Complementing the strategic and policy formulation and development work of the Authority and Service.
- Developing the skills of Members to enable them to investigate below the surface of policies, strategies and processes.

- Providing a useful oversight and an element of ‘challenge’ to performance improvement processes and continuous improvement.
- Encouraging public involvement in the policy process.
- Supporting the development of an environment that stimulates a more reflective, evaluative, and evidence-based culture within the Authority and Service.

The Terms of Reference for the Committee can be found at Appendix A of this report.

2. Meetings

Meetings of the Scrutiny Committee were put on hold when the Authority implemented business continuity arrangements in March 2020 in response to the then emerging Covid 19 Pandemic.

5. The Committee's main achievements

The Committee believes its key achievements during the year include:

- The refresh of scrutiny arrangements upon the reconvening of the schedule of meetings of the Committee, including appraisal of previously refined terms of reference.
- The consideration of performance related information covering the period from when business continuity arrangements were implemented to date, thus enabling the continued robust monitoring of the Service's performance in the areas of:
 - Diversity, Inclusion, Cohesion and Equality,
 - Workforce profile indicators,
 - Dispute resolutions,
 - Operational performance of Fire Control.

- The Committee received an update on the progress made to date by the Service in implementing the recommendations that had resulted from the outcomes of the Review of Safeguarding in West Midlands Fire Service, providing assurances regarding the work undertaken to improve safeguarding arrangements and practice within the Service.
- As part of the overview of its Work Programme for the year, the Committee considered themes for Scrutiny reviews, including taking into account reviews and business undertaken by the Committee prior to the implementation of business continuity arrangements. This has resulted in the Committee approving to undertake the Scrutiny Review of Safe and Well. Members and Officers have actively engaged and discussed the review, understanding rationale, purpose and outcomes, with the formation of a working group to oversee and participate in the review as well as the submission of a scoping document to the full Committee. The working group is comprised of nominated Members plus Officers of the Service as and when applicable, with progress to be reported to the full Committee.
- Full details of the review are outlined within the respective reports that have been submitted to the Committee:
 - Scrutiny Review of Safe and Well (February 2022)
 - Scrutiny Review of Safe and Well – Scoping Document (May 2022)
- It is to be noted that this is a Scrutiny review that is ongoing at the time of writing this report with the review expected to be undertaken over a six-month timeframe. As a result, findings of the review are anticipated to be provided during 2022/23 municipal year and will be subsequently reported to the Authority.
