1. Executive Summary

The seven Metropolitan Constituent Councils, led by the West Midlands Combined Authority (WMCA) carried out the public consultation on the 'Scheme' document between 11 January 2018 – 8 March 2018.

The Scheme outlines the functions required for the WMCA to deliver the legislative functions of West Midlands Fire and Rescue Authority (the Service). This had followed a review of the governance arrangements of the Service by the multi stakeholder 'Future Governance Working Group' which recommended a Mayoral WMCA Governance arrangement [WMFRA Report - [Future Governance Working Group \(20 February 2017\)](#)]. The group sought to understand which governance model would deliver increased value to local communities through wider collaborative working. These proposed arrangements were further supported through a public consultation undertaken by West Midlands Fire and Rescue Authority (WMFRA) in 2017 and aligns to the wider Strategy of the Authority.

The consultation survey was hosted on the constituent councils' websites and links also provided from the WMCA website. The Survey was also available in easy read, audio and alternative languages on request from the WMCA Equalities and Diversity Manager. The survey consisted of five key questions, eight profile-based questions and a free text option for Q1 to provide any further feedback. 1005 responses were received through this medium (excluding one duplicate).

Paper copies of the consultation were available in public buildings, such as libraries, in the seven constituent council areas. 158 responses were received through this medium (excluding one spoilt paper copy).

Additionally officers from the West Midlands Fire Service (WMFS) shared the consultation with members of the public and key strategic partners through engaging as part of normal prevention duties. A number of command areas also undertook more focused engagement through 'consultation workshops', inviting members of the public and local community groups to understand the purpose of the proposals, as well as an opportunity to complete the survey itself.

2. Continued development of the West Midlands Combined Authority

In 2015 the seven metropolitan councils in the West Midlands: Birmingham, Coventry, Dudley, Sandwell, Solihull, Walsall and Wolverhampton committed to establishing the West Midlands Combined Authority (WMCA). During the process of formalising this commitment, a partnership working across the West Midlands of the Black Country LEP, Coventry & Warwickshire LEP and the Greater Birmingham & Solihull LEP was agreed. This included non-constituent areas within the three LEPs and key economically linked authorities across the West Midlands.

The ongoing commitment to developing the government's devolution agenda created the opportunity for the WMFS to become part of the WMCA, therefore transferring governance from WMFRA. The Policing and Crime Act 2017, (PACA 2017), provides for a new duty to collaborate on each of the blue light emergency services, as well as new powers for Mayors and Police and Crime Commissioner (PCC) to become the Fire and Rescue Authority. Governance through a Mayor as part of a Combined Authority or the PCC are the main options being proposed by Government through the PACA 2017.

Governance through a Mayor as part of a Combined Authority is also enabled through the Cities and Devolution Act 2016. This is the legislative route that the proposed transfer of WMFRA to the WMCA and Mayor is following. This proposed change also aligns effectively to the principles of the PACA 2017 through enabling effective collaboration in the delivery of services and outcomes of efficiency, effectiveness, public safety and single accountability.

A Future Governance Working Group was commissioned at the start of 2017 to provide an options appraisal to enable an evidence based decision to be made on the most appropriate future governance for the WMFS and the best approach to achieving this. The options appraisal undertaken by the Group were supported by:

- the outcomes of a WMFRA public consultation focusing in the delivery of services to communities
- the current and future strategic directions of the Service and the WMCA
- the overall direction set by the Government (both policy and legislation) of reform and wider collaboration to enable efficiency, effectiveness and public safety. This reinforces the overall direction sought for the future governance of the Service through the Mayor as part of the WMCA. [WMFRA Report - [Future Governance Working Group \(20 February 2017\)](#)]

The proposal that the WMFS becomes part of the WMCA with the Chief Fire Officer reporting directly to the Mayor was put to the WMCA and the seven constituent councils at their meeting on the 3 March [Route Map to Mayoral WMCA Governance](#). Following this on the 8 September, '[Mayoral WMCA Governance of West Midlands Fire Service](#)', the WMCA agreed that a Governance Review be undertaken and a Scheme prepared.

The Governance Review and Scheme Documents were prepared and agreed with the Constituent Councils prior to their formal agreement and agreement to Consult at the WMCA meeting on the 8 December, '[Mayoral WMCA Governance of West Midlands Fire Service - Governance Review and Scheme](#)'.

In line with the legislative requirements of the Cities and Local Government Devolution Bill 2016, a consultation has been carried out in relation to the Fire Service proposals in the Mayoral WMCA 'Scheme', and associated documents such as the Governance Review.

The Scheme outlines the functions and legislative changes required for the Mayoral WMCA to govern the delivery of Fire Service functions to the West Midlands.

West Midlands Consultation

The seven constituent councils, led by the WMCA, carried out the public consultation from 11 January to the 8 March 2018.

The consultation was aligned to the proposals in the '[Scheme](#)', to inform the Secretary of State for the Home Office, the Home Secretary's decision regarding the transfer of fire functions to WMCA. This report provides the Home Secretary with a summary of consultation responses.

3. Consultation across the West Midlands

Consultation Survey

The consultation survey was hosted on constituent councils' websites and the WMCA website.

The survey consisted of five key questions, eight profile-based questions and a free text option to provide any further feedback on the Scheme. 1005 responses were received through this medium (excluding one duplicate).

Paper copies of the consultation were available in public buildings, such as libraries, in the seven constituent council areas. The consultation poster, attached with the supporting documentation at appendix A, was displayed prominently in these public buildings. 158 responses were received through this medium (excluding one spoilt paper copy).

There was also supporting PR across the seven constituent councils, WMFS and the WMCA signposting people to the website to take part in the consultation. Usual council channels were utilised to engage with the public.

Awareness and engagement building up to and during the consultation

In order to reach all sections of the society the consultation has been promoted through a comprehensive range of digital and non-digital forums:

- WMCA website,
- Constituent council websites,
- WMFS website and social media pages,
- Press releases,
- Letters to key stakeholders (see Appendix C for stakeholder list),
- Letters to West Midlands MPs whose constituencies fall within the WMCA area,
- Letters to MEPs,
- WMFS stations are promoting the consultation through contact time with the communities as part of normal prevention based activities and focused command based workshop events,
- 1000 printed copies of the survey have been disseminated by staff to date such as youth engagement activities and places of worship,
- 200 copies to each constituent council for distribution at key location such as council offices and libraries,
- Graphics have also been provided to each constituent council for displaying on plasma screens.
- The survey was available in easy read and large print as well as cd audio formats upon request, a helpline was also set up to enable disabled members of the public to complete the survey with the support of a member of staff. A total

of four easy read versions, seven large print versions and four audio versions were requested.

Various channels of communication were utilised, including a social media campaign which spanned the consultation period. The campaign was shared and widely supported by regional communications contacts including the seven constituent councils of the WMCA. A toolkit was provided to these contacts alongside a content planner for the final 10 days of the consultation. The social media campaign was further supported by constituent councils hosting a link to the consultation on their websites.

Advertisements were also utilised mostly across the transport network managed by Network West Midlands, in buses, trams and transport shops. During the final ten days of the consultation Facebook advertisements were also in operation set to target 'hard to reach' constituents such as under 25's, Black and Minority Ethnic Groups (BAME) and those from faith backgrounds. Disabled groups were contacted directly by email and were provided with consultations in easy read and audio formats alongside the provision of a support helpline for filling in the survey. Hardcopies of the consultation were also available across the seven constituent council areas in civic suites, libraries and on request from the councils themselves.

Press releases were issued at the beginning and nearing the end of the consultation which resulted in media coverage and increased reach of the consultation.

Future governance of West Midlands Fire Service

We are asking for your views on how the West Midlands Fire Service (WMFS) should be run in the future.

There are a number of reasons for proposed changes to this vital emergency service, including central government's public service reform and devolution agendas. Public services across the region have already begun to change and this will continue as West Midlands Combined Authority (WMCA) progresses.

Last year the WMFS commissioned an independent review of its current governance, considering several models, and identified the WMCA as the best possible future option. We are now consulting on the 'Scheme' document which describes the proposed governance structure.

This consultation will run from 11 January to 8 March.

There is a short survey and further information on the West Midlands Combined Authority website and we would welcome your feedback and any additional comments that you would like to make.

5. Response breakdown by question

Question 1

Following an independent review of how your fire service is currently governed, we are proposing that the West Midlands Combined Authority (WMCA) will take on responsibility for West Midlands Fire Service (WMFS). The review examined how a new governance model could impact communities; deliver improved public services across the West Midlands; improve scrutiny, transparency and accountability, while providing value for money. Benefits of changing the WMFS governance include a more joined up way of working with WMCA members - such as local authorities, health providers and the police – contributing to a shared vision for the region, resulting in public services being delivered at a reduced cost in a coordinated, integrated and collaborative way.

Do you agree or disagree that the Mayoral West Midlands Combined Authority should take on responsibility for the functions of West Midlands Fire and Rescue Authority which includes:

- **Community Safety (Mayor will approve Community Safety Plan on behalf of the Combined Authority)**
- **Budgeting and setting of the Council Tax precept for the Fire Service across the seven constituent Councils**
- **Appointment of the Chief Fire Officer by the Mayor of the Combined Authority**

- ☐ Strongly agree

Question 1 Response summary

47% of respondents 'strongly agreed' or 'agreed' that the WMCA should take on the responsibility for the functions of the West Midlands Fire and Rescue Authority. Conversely, 40% of respondents strongly disagreed or disagreed with the proposed governance change.

An option to provide an open text feedback response to Question 1 was provided on the questionnaire. The most frequent comments/responses to this question included:

- *The proposals would represent a decline in the accountability of those in charge of the fire service, as well as local councillors.*
- *Lack of expertise/capacity within the WMCA to run the fire service.*

- *Satisfied with the current arrangements, which do not need changing.*
- *Concern/fear that various aspects of the fire service and other services are becoming increasingly politicised.*
- *Support for fire service to be within a larger regional organisation such as the WMCA to form a more coordinated approach/make more accountable.*

A comprehensive analysis of the literal responses provided as part of question 1 of the questionnaire can be found in Section 6 of this consultation report.

Question 2

If the WMCA ran the fire service, there would be a single point of accountability; the Mayor of the West Midlands. If the changes went ahead, a Fire Advisory Committee made up of 15 councillors, the Police and Crime Commissioner, Health and Ambulance Trust, would be put in place to review decisions taken by the Mayor.
