INQUORATE MEETING

At the opening of the meeting it was found to be inquorate. Members were aware that no formal decisions could be made and decided that due to the reduced numbers at the meeting the consideration of the Discipline Dispute Resolution Scenarios should be deferred to the next scheduled meeting in April.

It was anticipated that by the probable meeting date in September, 2015, members and trades unions' representatives would have had the opportunity to assess the success of the training that was being provided on the disciplinary and grievance procedures.
